Re: Serial No. 09/037,822

Dear Mr. Willett:

This will confirm our telephone conversation in which I requested an interview for Wednesday, August 14, preferably at 1:30 P.M.

Attached is a draft amendment to the claims. I propose to discuss this amendment in relation to the rejection based upon Moline in view of Isozaki, and more particularly that the references fail to disclose a receiver that adjusts the receiver's time information in accordance with time information received from an external device via a public communications line. This feature also distinguishes the claims over Moline and Shinoda.

I look forward to confirmation of the interview.

Very truly yours,

David L. Fehrman
